

# "A call to action for all QLD rental property owners"

- The Smoke Alarm Association of Australia

The QLD Government has introduced changes to the QLD Fire and Emergency Services Act that require you to make significant changes to the smoke alarms you provide in your rental property.

## What you need to know...

Every home will now require interconnected smoke alarms in every bedroom, on every level and in hallways connecting bedrooms. This will come at a cost to Landlords.

In the interest of continuing to provide the best possible service, we will be offering fuss free and affordable options. We have partnered with PayRight for 12 Months Interest Free Finance; or pay up front and **SAVE 15%!!!**

## What you need to do...

"Ask us for a quote!" – We will provide you with a quote to make your rental property compliant to the new standard.
